Registration & Fees

Cross Country : \$15 entry

Short Track : \$13 entry

Dual Slalom : \$15 entry

Downhill : \$15 entry + \$32 lift ticket

USAC Collegiate Licenses : \$30 Annual, \$10 One-day

Pre-registration will be available until Wednesday September 28th at 10:00 PM. You can pre-register at www.bike-reg.com. Teams with 8 or more riders can register directly by emailing Ben Civiletti at bbc320@gmail.com. Teams that group pre-reg must have cash or check for the full registration amount to be collected Saturday morning.

- Day-of registration will be available both days (see schedule for times) at the Highland Lodge. A \$5 late fee will be charged to each rider. Trail passes and lift tickets will also be available through Highland during registration.
- In order to register, all racers must either have an annual USA Cycling Collegiate license or purchase a one-day license at registration. One day and annual collegiate licenses will be on sale at registration.

Courses!

(Directly copied from NU... Because it's efficient and Bi-winning)

Cross Country

Highland Mountain Bike Park and NEMBA have teamed up to cut an all new 3.5 mile XC loop starting from the mountains base. The combined expertise of these two organizations will surely provide an awesome trail with a plethora of flow and rad terrain. Moderate elevation change should encourage fast laps and close racing.

Dual

Slalom

Consistently voted the top track in the ECCC circuit, the dual slalom course will return unchanged for 2011. The long, steep track is full of features and always close finishes.

Short

Track

This course will not be the same as NU's course, but we can tell you this: The course will be fast, flowy, and favorite among racers. Wide lanes provide plenty of passing opportunities, and lead changes should be plentiful.

Downhill

This year's downhill track will utilize some of the best lift access terrain in the country. Similar to last year's course, the track will have a mix of fast open sections as well as classic New England rocks and roots. With a fast short track like this the winner will be decided by tenths of a second.

Skills Clinics

For newer riders or veterans looking to hone their skills, the ECCC offers skills clinics each morning before racing starts. Led by talented ECCC alumni, the clinics are 30 minutes long and focus on a different topic each week. Essential racing skills like cornering, mastering descents, and proper body position are taught and help to improve your riding abilities and allow you to have more fun on a bike.

Location & Lodging

Highland Mountain Bike Park
75 Ski Hill Drive
Northfield, NH 03276
