XC and DH

XC: The same course used last year but in the opposite direction. The lap starts on a single-track climb that includes rock rollers and bridges. Racers will then descend technical singletrack that dumps out onto a fire road. The final stretch of singletrack brings riders back towards the Highland Mountain base area to the finish line. *Approximately 3.5 miles per lap.*

DH: Due to its history, Maiden Voyage will be the downhill track again this year. You can’t have the championship downhill race on anything besides classic New England tech! The race will start at the entrance to Maiden Voyage and end at the bottom before the lift.

** Racers will report back to the start immediately after their first run to do a second run if they choose. Only one run is necessary to score, however each rider may start and finish the course twice. The fastest time will count.**

Coffee, donuts and crullers will be available onsite in the morning courtesy of Lil’s Café in Kittery, Maine. **THEY WILL BE FREE!**
